### *Dispelling Benefits to Work Myths*

This training provides participants with basic information on the eligibility and work incentives for SSDI, SSI, Medicare and Medicaid. In addition, it helps participants formulate accurate responses to addressing individual's concerns about benefits and work while dispelling myths. The training also covers where individuals can be referred to receive comprehensive benefits planning services. The goal of this training is not to expect participants to become experts in the work incentives, but rather gain a solid base of information and then where to refer individuals to address complex issues. Work incentives for individuals will be discussed.

**Presenter: Tracy Howard**

***Benefit-to-Work Coach State Lead***

Tracy Howard is the Benefit-to-Work Coach State Lead and the Benefits Coordinator at Training & Treatment Innovations, Inc. She has been providing a variety of services for the last decade related to public benefits and Social Security work incentives, including individualized benefits counseling, trainings and presentations.
